## BY PLANE

### TO AND FROM THE FLORENCE AIRPORT AMERIGO VESPUCCI

## BY TRAIN

The airport is not directly connected to the train line however you can reach Florence's train station, Santa Maria Novella, by bus or by taxi which are both readily available just outside the airport.

## BY CAR

If you were thinking to rent a car, you can do it practically on the spot. Car rental offices are located in via Palagio degli Spini and can be reached from the airport by a shuttle bus which leaves every 20 minutes. From the rental offices, it is very simple to reach Prato as they are located near the A11 highway entrance Firenze Nord (North Florence). This highway entrance is only 13km from the Prato Ovest (West Prato) exit, which is the best for reaching DHG and/or the city center.

For more informations: <http://www.aeroporto.firenze.it/it/i-passeggeri/trasporti/autonoleggi.html>

## BY BUS

You can also reach Prato by bus, leaving you at the Prato Central Station (Prato Centrale), by taking the bus lines CAP and LAZZI. For more information: <http://www.capautolinee.it>

## BY PLANE

### FROM AND TO PISA AIRPORT GALILEO GALILEI

## BY TRAIN

At Pisa airport, there is a direct connection to the train line through the Pisa Airport station (Pisa Aeroporto). This will bring you to many different Tuscan cities including the Florence Station Santa Maria Novella. Once you arrive in Florence, you can continue your journey to the Prato Central station (Prato Centrale).

## BY CAR

Pisa Airport is located very near the highway entrance of Pisa Nord (North Pisa).

From here, you can take the A11 highway towards Florence and get off at Prato Ovest (West Prato) exit

## BY TRAIN

You can reach Prato from any Italian train station.

There are three train stations in the city however we suggest to use Prato Central Station, Prato Centrale.

## BY CAR

Prato is connected by the A1 Highway from Milan to Napoli and by the A11 Highway from Florence to North Pisa. The recommended exit is Prato Ovest (West Prato).
